Armstrong family makes large donation to WKU

Author: the Daily News

Bowling Green residents Bob and Judy Armstrong recently made a \$122,000 commitment in support of a project to enhance Houchens-Smith Stadium. The husband and wife duo said the donation was important because they feel a top-tier program will help give educational opportunities to more students. "Fortunately or unfortunately, university academia is often measured by how well the football and/or basketball teams play and win," Bob Armstrong said.
